↓ **Nikon**

Item Name(click to Book)	Description
Nikon FG	Small compact camera. Comes with 50mm f1.8 Series E lens  Full manual, aperture priority, and program auto modes all available

↓ **Medium Format**

Item Name(click to Book)	Description
Bronica ETRSi	Comes with: 75mm f/2.8 lens Auto-exposure viewfinder prism Speed grip for rapid film advance (relatively)  The camera uses '120' film, available from any good camera shop or online.  A manual can be found <a href="#">here</a>
Mamiya RB67 ProS	Big beast of a camera with unparalleled quality. Comes with: 65mm f/4.5 lens (~35mm lens field of view on a full frame SLR) 90mm f/3.8 lens (~50mm lens field of view on a full frame SLR) 180mm f/4.5 lens (~105mm lens field of view on a full frame SLR) 250mm f/4.5 lens (~135mm lens field of view on a full frame SLR) 2x Mc6 extension tube Up to 4 removable film backs to allow swapping film type mid-roll Lightmeter, as no auto exposure prism (but 'lightmeter' app works much better)  The camera uses '120' film, available from any good camera shop or online.  A manual can be found <a href="#">here</a>  This camera is available for everyone but is very complex to use first time. If you wish to book this camera do so as normal, I (equipment manager) will email you to arrange a brief go-over slightly before the usual pick-up time. You also don't have to take all of the equipment with you, this just shows all that we have.

**Lenses**
